Testimonial – Nick Collins

In the three years that I have known Nick, I have discovered that he lives and breathes fall arrest and anchor systems. If there is anything to know about the subject, Nick knows it. He is without doubt the first person I would call on the subject.

A handwritten signature in black ink that reads 'Tim Pike.' The signature is written in a cursive style.

Tim Pike
Principal
Sigma Consulting Engineers Ltd.
NZCE, BE (Hons), MIPENZ, CEng, IntPE (NZ)
